

Hollis Park Improvements

Park construction is starting November 9, 2020.

Improvements: Hollis Park improvements will include a nature themed playground, accessible walkways into the park, new trees, new lighting for the playground area, and a refreshed picnic ramada.

Impacts: The construction area will be fenced and secured during construction. Every effort will be made to maintain access to other areas of the park, though portions may be inaccessible for short periods of time due to the construction. The project is expected to end in Winter 2021.

You can view the final park design and keep up to date on the schedule at tempe.gov/ParkUpdates.

Questions? Contact Krista Lawless, Neighborhood Services, at 480-350-5152 or krista_lawless@tempe.gov or Erin Kirkpatrick, Parks and Recreation, at 480-350-8112 or erin_kirkpatrick@tempe.gov

These improvements are funded out of the city's Capital Improvement Program budget, as part of the Parks Improvement Plan, which is reinvesting more than \$60 million into Tempe parks over the next few years.
